WORTH A LOOK

CelleClé Skincare's **MultiGlow** is an ultra-correction night treatment that infuses the skin with the perfect synergy of pure time-released retinol and scientifically proven bio-retinoid. An overnight application leaves the skin looking and feeling smoother, firmer, and visibly brighter. Skin-friendly sugars lock in moisture for sustained hydration, while purifying Chinese licorice keeps the complexion clear and healthy. 888-731-2525 or cellecleskincare.com

Aroma Cleanse Fresh Matifying Lotion by DECLÉOR PARIS is an aqueous lotion that is enriched with mattifying powders to purify, exfoliate, and absorb excess sebum. Ylang ylang essential oil and green tea extract also purify the skin, while papaya extract exfoliates, leaving the skin balanced and restored. The mattifying mineral powders absorb excess sebum, leaving a matte finish and radiant and refined skin. 888-852-2829 or declorusa.com

DermAware Bio-Targeted Skin Care's **White Out Peel Professional** is an advanced trichloroacetic acid hybrid peel that combats hyperpigmentation caused by the sun, environmental damage, hormones, and inflammation. It inhibits tyrosinase and reduces melanosomal transfer and has an increased desquamation control pigmentation for a brighter, lighter, and more even skin tone. This product is boosted with anti-inflammatory and pigment-regulating bio-actives and is a must for every. 888-292-3376 or dermaware.com

Super Serum by Danné Montague-King® is a hydrating antioxidant serum. This product is a synergistic blend of beta glucan, vitamin C, and peptides that promotes healing and hydration and aids in collagen production. Super Serum is highly recommended for anyone of all ages. This immune-boosting serum is suitable for clients dealing with acne, burns, eczema, psoriasis, dermatitis, sun damage, premature aging, sluggish skin, fine lines, wrinkles, pigmentation, scarring, and sensitivity. It is great for anyone who needs increased healing and skin rejuvenation. 888-326-6348 or dannemking.com

Dr. Fedorenko™ True Organic's **Bug Stick** is designed to protect and nourish skin while keeping mosquitoes, ticks, gnats, horseflies, and biting flies away. The unique, chemical-free formula is the only body care product of its type that is all-natural, DEET-free, and clinically proven to repel tick and mosquito bites for up to four hours. Unlike many other alternative bug repellents, it is also alcohol-free and certified organic. 212-392-4989 or drfedorenko.com

Edge For Life's **Britenol**® is a proprietary booster that enhances the results of a HydraFacial MD treatment to diminish the appearance of hyperpigmentation and brown spots, while also reducing the production of melanin to prevent future discoloration. HydraFacial does not just target spots, it also cleanses, exfoliates, extracts impurities, and feeds the skin antioxidant-rich serums to give clients a healthy, hydrated complexion. This treatment is great for all skin types and targets a range of skin concerns. 800-603-4996 or edgeforlife.com

Épillyss' Pre-Depilatory Cleansing Lotion is an antiseptic, germicidal solution that properly prepares clients' skin for waxing and sugaring services. This non-drying, gentle cleanser is alcohol-free and cleanses the skin of germs, bacteria, and yeast. It should be used before and after depilation. Pre-Depilatory Cleansing Lotion is free of artificial colors and fragrances. 800-363-1929 or epillyss.com
